Note: This Fundraiser is 100% created by children aged 9-13yrs. Your support will be greatly appreciated. The children have been participating in Relay for Life (Cancer) since 2006 with their 9 year old friend and Grandma who are both brain cancer survivors. This is also done in loving memory of their Grandpa, Momma Pollard and all those who died from cancer. Let's give generously to Canadian Cancer Society and support this fundraiser event initiated by children in 2009.
